Food & Drink Specials

Hello Members!

This weekend we are featuring a Pirate theme at N42 Bar + Grill! Continue reading to view our food & drink specials that will be available Friday - Sunday!

We continue to work diligently with our contractors to restore the WIFI outages throughout the marina. Due to the severe storms and several power outages that we experienced this year, a lot of our equipment was damaged. As of this week, our contractors are developing new solutions to restore the internet because their previous attempts have not been successful. Like all other marinas, we have limitations on the amount of bandwidth that we can support throughout the marina, especially on a busy weekend. Further as part of our continuous improvement business model, we are looking into a variety of options with several contractors on how to upgrade our current system to help support the ever changing and growing demand for WIFI. We are thankful for our Members that are understanding of this situation and we want to assure you that we are looking at every possible solution to the WIFI issues. In the meantime, N42 Bar + Grill has free WIFI available for you to use under the WIFI network @North 42 Free Wifi. Additionally, we have been in daily contact with the Cable company, who will be coming out next week to lay new cable lines to correct the damaged lines due to the power outages. We will continue to provide updates as we receive them!

Attention MacRay Members:

We are looking for help in sponsoring the Selfridge Base Community Council's Golf Outing. The Base Community Council (BCC) was organized in the 1940's, with the purpose of sustaining an active working relationship between the local civilian community and the military service community centered at Selfridge Air National Guard Base. The Base Community Council's membership includes over 200 select business, municipal and government leaders who work together to support the base including providing financial support to several programs which support the base's service personnel and their families, providing a clear voice of support for all of the mission of the Base on a local and national scale, as well as actively volunteering to promote the Base events including the Biannual Airshow and Open House. In addition to membership annual dues, this golf outing is a primary source of funding for the organization.

Please help us support Selfridge Air National Guard Base and our military service personnel. MacRay has been an active member of the BCC since 1992, with both Steve Remias and Dan Delmotte serving as Directors and Officers within the organization.

If you would like to help support the BCC, please send an email to Treasurer@selfridgecommunitycouncil.com
