Attention MacRay Members:

We are looking for help in sponsoring the Selfridge Base Community Council’s Golf Outing. The Base Community Council (BCC) was organized in the 1940’s, with the purpose of sustaining an active working relationship between the local civilian community and the military service community centered at Selfridge Air National Guard Base. The Base Community Council’s membership includes over 200 select business, municipal and government leaders who work together to support the base including providing financial support to several programs which support the base’s service personnel and their families, providing a clear voice of support for all of the mission of the Base on a local and national scale, as well as actively volunteering to promote the Base events including the Biannual Airshow and Open House. In addition to membership annual dues, this golf outing is a primary source of funding for the organization.

Please help us support Selfridge Air National Guard Base and our military service personnel. MacRay has been an active member of the BCC since 1992, with both Steve Remias and Dan Delmotte serving as Directors and Officers within the organization.

If you would like to help support the BCC, please send an email to Treasurer@selfridgecommunitycouncil.com
